CLIENT FEEDBACK

One year later and I still hear about our wedding it was more than what we expected management not only exceeded my vision but was very professional with everything. Tanisha has also become a lifelong friend with whom I highly recommend to use this venue staff for your future engagements. I was thankful for all the vendors that network with this establishment because it definitely took the stress and strain off of me I thank God I was able to find such an one stop shop venue with everything I needed
Thank you again for such an wonderful experience

The Matrix Center was the wedding venue of our dreams. From the door greeters to the cooks the entire staff was absolutely amazing. The food was extremely delicious and had guests begging for more. The photographer and videographer seized every moment and made sure every detailed was captured from our hotel rooms until we left the venue. Now let's talk about the DJ, he had the party rocking all night. The DJ did not play a bad song all night and he made it hard to seat down because he played EVERY song to make you want to dance. The decorations/lighting was the most breathtaking party of the ordeal it gave you the feel of being apart of a celebrity wedding. God truly blessed us when we came to find "The Matrix Center". I want to thank the owners and staff for making our wedding a day we and our guest will NEVER forget!

FAQ

How many guests can The Matrix Center accommodate?

The Matrix Center comfortably seats up to 399 guests, making it an ideal venue for both intimate gatherings and large celebrations.

What about payments?

\$300 of the amount is due when signing the contract. It is at this time that the date is booked for your event. The remaining balance may be paid in monthly installments or lump sum, but in either case, the balance must be paid in full 30 days prior to your event date. We accept personal checks, money orders, cashier's check, cash or all major credit cards. All payments and deposits are non refundable.

Special Event Insurance

Special events insurance (\$1,000,000) is a one-day coverage; an insurance policy designated to provide broad protection for situations in which an event holder must defend itself against lawsuits or pay damages for bodily injury or property damage to third parties. This policy also gives protection to the venue and/or sponsors of the event by adding them to the policy as an additional insured. Examples such as a slip and fall on damaged floors are covered by this type of policy. It can be a rider on you or your family's homeowner's insurance-usually this is the best place to start
